

MLA Cheat Sheet

Heading and Header

- Heading goes on left side, top of first page (only on first page)
 - Formula:
First Last Name
Teacher Name
Class: Period X
Day Month Year
- Header goes at the top right hand side of all pages
 - Formula:
Last Name Page Number

Works Consulted and Works Cited

- Works Consulted = all sources you read or referenced, including those you didn't end up using for your paper
- Works Cited = the sources you used within your paper
 - This means your Works Consulted will never have fewer sources than on your Works Cited
- Format your Consulted and Cited pages and entries:
 - MLA citation for each entry
 - Reverse indenting (this means the first line isn't indented and all following lines for the source are indented)
 - Alphabetical order
 - Page title (Works Consulted or Works Cited) is not bold, italicized, underlined, or a larger font
 - Double spaced

Tips:

- When a source is missing one of the required items, skip it! So, if an article doesn't show an author, start your citation with the article title.
- The author must be a person, not a site. So Britannica Editors and History.com are not authors.
